What you drink makes you different

KYK RP3/RE3 (9) Alkaline Water Ionizer Premium Type

KYK®Corp India Private Limited 7th Floor, Front Wing, Ring Road Mall, Sector-3, Rohini, New Delhi – 110085

KYK Alkaline Ionized Water

About KYK Alkaline Ionized Water

Oxidation-Reduction Potential

KYK alkaline water is comprised of the smallest water molecules (54Hz) on the Earth that has oxidation-reduction potential.

Ionized Minerals

It is rich in ionized minerals and active hydrogen that are beneficial for health.

Fast Absorption and Elimination

The water tastes soft, pleasant and refreshing, and gets quickly absorbed and eliminated by the body.

Customized Water Production

Users can obtain customized water for kids and adults and for making tea, cooking or use in skin care, and this enables convenient and effective use of water.

Verified Safety and Effectiveness

It has been verified for safety and medical effectiveness.

Approved for Providing Relief of 4 Major Gastrointestinal Symptoms

It has been approved by MFDS for its effectiveness in relieving chronic diarrhea, indigestion, abnormal fermentation in the gastrointestinal system and excess secretion of gastric acid.

KYK®Corp India Private Limited 7th Floor, Front Wing, Ring Road Mall, Sector-3, Rohini, New Delhi – 110085

Ph: +91 (11) 4987 9789 , Toll Free: 1800 123 1523 Email: info@kykindia.com Website:<u>www.kykindia.com</u>

FEATURES & BENEFITS

Elegant Aluminium And Black Glass Front Panel With Touch Sensors And Inbuilt Coloured Wide LED Screen

Semi-Permanent SS Valve/Touch Button Option for Water Pressure Adjustment

Awarded the Good Design Certificate

Voice Alert for Each Functional Buttons, ON/OFF Power Management on Large LED Display

Generates and Supply Seven Types of Customized Water: Four Alkaline Levels, Two Acidic Levels, One Purified Water

Automatic Detecting on Filter Usage and Measuring the Lifespan at the same time with 3 Premium Filters

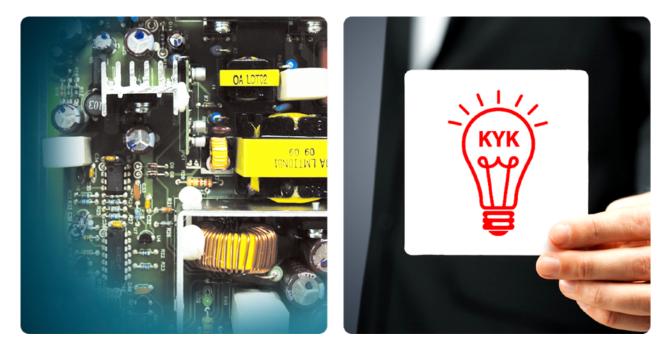

Depending on the amount and the speed of a running of raw water into the product - pH Auto-Control System

Power-Control System by SMPS Method

Alkaline Water Ionizer KYK RP3/RE3 (9)

Easily Detach or Attach the filter cover when change the filter Convenient and Simple Sliding Cover for Filter Replacement

Patents on diaphragm Membrane Structure including Electrode Plate for the Electrolytic Cell of Water Ionizer Using Platinized Titanium Electrode

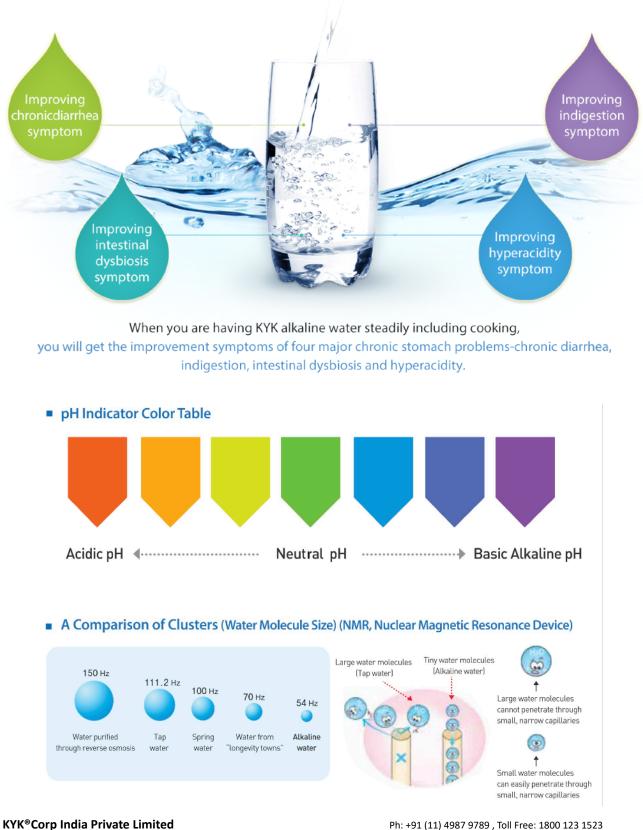

Construction Const

For Sanitary and convenience, Automatic cleansing after usage and water drainage system of stagnant water from the filter and electrolytic cell. This prevents the platinum of the titanium electrode plate inside the electrolytic cell from gilding with platinum.

Water is Essential for our Body! Which Type of Water are You Drinking? KYK Alkaline Water Helps improving symptoms of Four Common Gastrointestinal Problems

7th Floor, Front Wing, Ring Road Mall, Sector-3, Rohini, New Delhi – 110085

	24	Indicate Filter Life	When the available usage amount has been reached to 70 Ltr

25	Flow Rate/Pressure	Continuous 2-3 L/m; 3.0kgf/cm2
26	Electrical Consumption	180 VA
27	Chemicals/Salt	No
28	Control Type	Valve/Touch Sensor
29	Electrical Safety Certification No.	XH070308-17003A
30	Certifications	Medical Grade: US FDA (3005720077), ISO 13485 (MK0000124), GMP, 100+ Certifications
31	Structure	FDA approved BPA-free grade plastic
32	Power Source Protector	Fuse
33	Over-Current/Temp. Detector	Automatically stops the output of electrolytic cell
34	Colours	Silver; Gold with hairline aluminium and piano black glass in front

Key Characteristics of Alkaline Water Ionizer

Alkaline Ionized Water Technology: ① Electrolytic cell: The electrolytic cells plays the most crucial role in a Alkaline water ionizer, and it is comparable to the engine of a car. With a patented electrolytic cell technology, KYK has differentiated the performance (water quality and taste, and product effectiveness, lifetime and functions, etc.) of its products, which boast superiority over its counterparts.

(2) [A] Ampere adjustment levels: The DC supplied to the electrolytic cell can be precisely controlled to 4,000 levels (4 pH levels x 1,000 levels = 4,000 levels). This is a special type of technology that helps address the issue of variability in the pH level resulting from changes in the amount of supplied water, and allows users to generate Alkaline ionized water in the exact pH level that they desire.
(3) Clinical trial: A clinical trial has been completed at the prestigious Seoul National University Hospital in Bundang, Korea after obtaining approval from the Institutional Review Board (IRB), and the remarkable clinical result of "85.7%" astonished the investigators and medical staff.
(4) Non-powered automatic channel switch valve: The non-powered automatic channel switch valve developed with KYK's patented technology switches the channels without requiring any electrical power. This in turns saves electricity and boosts product performance and lifetime.

Alkaline Water Ionizer KYK RP3/RE3 (9)

Certifications

Since 2013 in India | Since 1980 in South Korea

ISO	ISO 13485 Medical Device		13 gold medals at international invention fairs in Germany and Switzerland, etc.	Ö	Gold Medal at the World Genius Competition in Japan	LÕHAS	Asia LOHAS certification
GMP	Certified for conformance with Excellent Medical Device Manufacturing and Qualtiy Management Standards		Korea's New Technology Product Frontier Award for 2 consecutive years		Grand Prix at International Innovative Design and Technical Products in Hong Kong	9	Certified as Good Design by the Korea Institute of Design Promotion under MOTIE
	K+ certification from KITA (Genuine and Excellent Product Made in Korea)		The Grand Prize as Representative Product of Korea at IGWT Symposium	특허청	Approx. 130 patents registered with KIPO	kotra	Selected as e-Power 300 Companies by KOTRA
